Griffith High is on the threshold of a new modern look. The blueprints are drawn and the brick and mortar are shaping up the walls. Let us, however, try to visualize beyond these walls, depict its character, express its emotion, and bring it to life by adding HEART. Just as we know that the heart pulsates life, it will transform a structure of stone into a radiant living memory that shall always belong to us. The faculty and students are the guardians and must see to it that Griffith High progresses in both status and studies. It engulfs all our energy and ambitions, and through a special magic, molds us into the citizens of tomorrow. Let's picture together how GRIFFITH TAKES SHAPE.

. . . IN FACES

It might be something unusual or maybe just routine. Sometimes a moment of sheer imagination produces emotions that are ponderous or even funny. Wit, charm, fear, joy and anger are interesting subjects and very revealing. Just one look at a person's face and usually you can see the tell-tale signs of one's frame of mind. Let's view some of the reactions our school life had on its students. *ABOUT FACE!*

... IN SOUNDS

The familiar sounds pertaining to school life are as important as a melody is to a song. Its pace reflects the mood and atmosphere of each day. At times their pitch is high and feverish, especially during special events such as pep sessions and prom time. During exam time, the tension could be felt by the restless calm that prevails throughout the halls. It is the sound of YOUTH.

... DURING EVERY DAY

OF THE YEAR

Activities are always occurring no matter what the season. Special events are anxiously awaited and always remembered, but even an ordinary schoolday is important. Each day we experience new happenings which add more memories to the school year.

IT'S LITTLE THINGS THAT COUNT

The phone comes in handy in making plans for that special date. Terry Joyce is calling "who"?

There is more than one kind of conversation carried on during class. Karen Schreiner and Terry Sannita enjoy one of these.

How does it feel to be a messenger-boy? Ask Harry Rector!

A charming exchange student, Marie de Jesus Cano Garcia, from Mexico City is caught unaware by our cameramen.

Paula Reznik goes through one of the daily ordeals which is an everyday occurrence to all.

Imagine carrying all these books back and forth to class. Bev Butler finally made it through four years of these books.

Ron Soverly playing a piano solo won second place.

Capturing first place was Lana Hendrickson who rhythmically portrayed "West Side Story."

ABOUNDING IN TALENT

The annual Talent show presented by the Student Council was held on January 31. Twenty acts were presented to the student body. Lana Hendrickson dancing to "West Side Story" captured first place. Coming in second was Ron Soverly who played a piano solo. Ken Schmidt, Gary Bullard, and Bob

Bennett won third place by playing a Spanish selection and a song composed by Gary Bullard. The judges were Father Zollinger of St. Mary Church; Mrs. Peggy Joyce, Clerk-Treasurer of Griffith; Mr. William Kussmaul, Chief of Police; and Dr. Paul Schilling, Superintendent of schools.

A combo composed of Bob Bennett, Ken Schmidt, and Gary Bullard came in third with their rendition of a Spanish selection and a song composed by Gary Bullard.

Martha Littrell played "Deep Purple" at the piano.

Singing a medley of songs, Kathy Grygar received an "honorable mention."

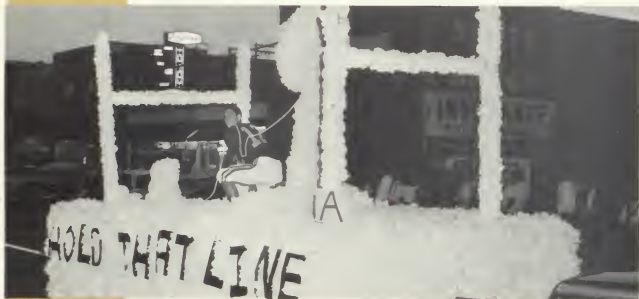

STUDENTS PRESENT SPECTACLE

Karen Foster, Holly Riggle, Karen Nelson, and Roberta Dolson composing the "Juniorettes" sang various selections from "South Pacific."

Carol Mercer danced to "There's Nothing Like a Dame."

PARADE INSPIRED VICTORY

The Senior Class float "Hold That Line" captured first place in the float division.

Coming in second was the Freshmen Class float.

This clever idea, "In Panthers We Trust," won first place in the car division. The Senior girls' were the proud winners.

"STAIRWAY TO THE STARS"

GAA SPONSORS WINTER FORMAL

"Stairway to the Stars" was the theme of the annual G.A.A. semi-formal "turnabout." Stars hung from the gym ceiling decorated in pink, lavender, purple, and white. The seniors decorated the stage portraying the theme of the dance. "Angel hair" surrounded the stairway done in lavender with two flocked evergreens to one side. Miss Connors, sponsor, and Karen Schreiner, president of the G.A.A., were presented with bouquets of roses. Highlighting the dance, was the grand march led by the G.A.A. officers. A total of 169 couples attended to make this dance the biggest one ever held.

Before the dance Janet Stansell, Gayle Underwood, and Pat Hart help to decorate the gym.

Leading the "Grand March" are Karen Schreiner, President, and escort Mike Griffiee.

Beaming as she receives the traditional bouquet of roses is Karen Schreiner. Miss Patricia Connors, sponsor and Janet Vestal, Vice-President, share in the honors.

Dave Price and Sue Albrecht, Patty Harder and Dave Rench enjoy a chit-chat, while Sharon Bogielski and Bill Willer seem to have their attention drawn in a different direction.

Gay smiles and friendly talk were also on the menu for the evening.

Couples enjoyed dancing to the music of the Hal Morris band.

JOHN FITZGERALD KENNEDY

1917-1963

NOV. 22, 1963

*A very sad day
I remember so well,
The news spread quickly
That our president fell;
Three shots were fired
In rapid succession,
Unbelievable! Tragic!
This act of oppression.*

*His widow, so brave
Kept vigil all night,
Though her heart was broken
It was hidden from sight;
Came the moment of parting
So tenderly told,
With a farewell kiss
And a band of gold.*

*Our nation wept,
The whole world mourned.
Our American flag
The coffin adorned;
It touched the pain
In our hearts to the root,
When "John-John" gave his daddy
A farewell salute.*

*Twenty-one shots resounded
And Taps were played,
As all bowed their heads
And silently prayed;
The everlasting flame
Will echo his plea;
Cherish your freedom,
Keep faith with me.*

*Two tiny offspring
Now lay at his side,
With thousands of heroes
They will abide;
But his spirit dwells
In the heavens above,
No greater reward
Than HIS Everlasting Love.*

Griffith mourns the death of President Kennedy as the flag flies at half mast.

SPORTS

Strategy, desire, and fortitude, a winning combination in any sport activity, stirs the enthusiasm of athletes and brings to life the so called "Hoosier Hysteria."

Competition promotes sportsmanship and school spirit. Vigorous training and exercise are emphasized in each field. The challenge is great, and the physical fitness of individuals prove the end results.

Team work is essential to success. In victory or defeat they represent our school, and we applaud their efforts. They release the *ENERGETIC FORCE OF GRIFFITH HIGH.*

“UNDEFEATED PANTHERS” CONQUER CONFERENCE

When August 15 rolled around, Coach Tom Kurth, beginning his sixth year as head football coach at Griffith, looked toward the 1963 Football campaign with optimism and enthusiasm. With the return of twelve lettermen, Kurth was hoping for his greatest season ever, and on the morning of November 10 he woke up to find a dream that had actually come true.

Griffith, who was blessed with a stout line and running backs who knew what to do once the line did their job, found themselves at the top of the heap after they downed a strong Bishop Noll team 19-6 in what was called the first mild upset of the year. But as the season progressed, people soon began wondering if it was an upset after all. The Panthers slipped past a strong underrated Merrillville team the following week 14-12 and then went on to crush Gary Wirt 33-0. The following weeks saw the pressure building on the Panthers as they beat a solid Gavit squad 14-7 and strong contender Crown Point 46-7. But the next week saw the Panthers slip as they were tied by a fired up Lowell team 20-20. This gave the team the incen-

tive they needed as they ended their season schedule by defeating Dyer 28-0, East Gary 41-13, and Highland 41-7. This season enabled them to play Calumet in the Calumet Conference playoff game, the first of its kind in history. The game ended in a 7-7 deadlock, but Griffith thought they won, because they were cheated out of valuable playing time due to a malfunctioning of the clock.

With an 8-0-2 record, the Panthers finished as the first undefeated football team in Griffith's 35 year history. They were also the first team ever to be ranked in the state polls with a ranking of 19.

The Griffith squad enjoyed further elation as they placed five members on the coveted All-Conference list. Those making the first team were Bill Fritz, Brad DeReamer, and Dennis Lager, while Doug Edwards and Carl Siurek made the second team. Terry Joyce and Jan Fane received honorable mention ratings. Fritz was further honored by making the All-State team with Siurek, DeReamer and Edwards receiving honorable mention. Fritz was the first player in G.H. S. history ever to make an All-State squad.

J.V. - FRESHMEN HAVE GOOD YEAR

This year's junior varsity nearly capped an undefeated season, but dropped a squeaker to Merrillville 13-12. Under the leadership of Coach Bochnowski the boys turned in a fine 7-1 record. Now that these boys have the necessary experience, many of them will vie for starting positions on next year's varsity. Despite the loss to Merrillville the boys later defeated teams that had beaten the Merrillville crew.

Coach Leslie's freshmen crew came through the 1963 grid season with a respectable 4 wins, 2 losses, and 1 tie record. Due to the large number of seniors on this year's varsity many of these boys may be asked to fill in important positions on next year's first team. This team has turned in one of the best records for the last four years.

Fall is the season that marks the beginning of a two mile run called Cross Country. Starting the 1963 season with Harold Mack as new head coach, the boys did a pretty fair job as they garnered third in the Calumet Conference featuring talent from everywhere.

Leading the distance runners this year were sophomore John Collet and senior Mark Kender. Collet and Kender were the one two punch all year as the team finished with nine wins and six losses. They made a fine performance in the sectional coming in 5th out of 25 schools giving them the best performance in school history in this event.

Collet, who ran practically all of his meets under the ten minute mark, broke his own school record of 9:33 by running 9:26 in one of his scheduled meets and then going on to set a new sectional record of 9:38 at the Cressmore Country Club. Avenging his only regular season loss in the sectional, John went down state where he placed seventh out of a hundred and some runners.

Next year coach Mack is looking forward to an even better year as he suffers from only two graduation losses while finding seven returning lettermen who will try and help him better the fine mark he set in his first year of cross country coaching.

GRIFFITH CAGERS ENDURE

With the return of only six lettermen and a lack of much needed height, Coach Harold Mack was certainly unsure as to just how the "64" cage season would develop. With only two of his six returning lettermen having had extensive varsity experience, basketball fortunes at G.H.S. certainly weren't rosy.

As the season opened, the Panthers fell in defeat to a balanced Whiting squad, but then they picked up with three consecutive victories. This was short-lived as the Panthers were only able to garner one victory in their next eleven outings while dropping to a low rank on the ladder in the Calumet Conference standings. Inability to hit the bucket consistently

often plagued the Panther five, although Dan Gerrity and Bill Fritz kept their shooting averages at thirteen and ten points respectively. Rich Beach and Mark Kender also shot accurately each averaging nine points a game. Gerrity led the team in about everything as he compiled a shooting percentage of .405 while grabbing 154 rebounds. Fritz also had a fairly good year as he hit at a .358 clip and pulled down 126 off the mark shots. Other than this along with a .379 shooting percentage by Mark Kender, little could be said of the poor year that occasionally will hit any ball club.

JV AND FROSH GAIN EXPERIENCE

BOTTOM ROW: Pete Karnisky, Claude Wampler, Don Harmon, Chip Kegebein, Chester Patterson. **TOP ROW:** Scott Wallace, Tom Wright, Bill Cook, Bob Smith, Cleo Keen, Doug Wirth.

This year's J.V. started out the season with some very exciting games. They lost several games by a basket or two. Many of the boys show good potential for varsity slots next year or the following year. Among them Chip Kegebein proved his adept ability in ball-handling and his accurate out-side shooting. Under the boards there is Bob Smith who has proved his ability at clearing the board and

moving the ball.

Probably the high point in the team's record was capturing first place in the J.V. tourney.

Due to a predominantly young varsity some of these boys may be returning to J.V. positions next year.

Coach Dan Leslie is in his third year at the J.V. pilot's position.

GRIFFITH GRAPPLERS HAVE

With half of last year's wrestling team having either graduated or moved, new coach Al Bochnowski found the 1964 mat season to be rather challenging. With the return of seven seasoned lettermen the "Griffith Grapplers" got off to an amazing start and won five of their first six matches. As the season progressed, the tough competition of the Calumet Conference began to tell on the "Panthers," and it seemed that the J.V. boys who moved up to varsity spots just couldn't rise to the occasion. As the season burned down to the wire, so did the team, as they

lost six of their last seven matches. They placed seventh out of twelve in the Calumet Conference wrestle-off.

Two bright spots in the Panthers 7-6 so-so season were the consistent performances turned in by senior Doug Edwards and sophomore Mike Nelson. Both were undefeated in regular season competition as the other boys in rival schools found them too tough to reckon with in each of their respective weight divisions.

Harry Rector, Larry Thrall, Chuck Stuhlmacher,
Mr. Buchnowski, Coach.

MANY ENJOY INTRAMURALS

Girls' basketball always provides both excitement and amusement.

Intramurals include a variety of sports for both boys and girls. Volleyball, basketball, ping-pong, rope climbing, chess, ring toss, and checkers are all included in this program. Games are held at noon hour.

Participating in the rope climbing contest were Gary Roe and Ed Miller.

Boys' basketball is also very popular at noon hour.

The enthusiasm of the crowd is unanimously displayed at the Homecoming game.

SCHOOL SPIRIT SOARS

School spirit is a very essential element in the success of any athletic team. Posters, pep sessions, and the actual cheering all add up to comprise school spirit.

Many hours were spent in decorating the cars for the Homecoming parade. Cheryl Fountain's car captured second place.

The Booster club truck was something new this year.

CLUBS

Social life for students is channeled through the various clubs and organizations. Under supervised sponsorship their main purpose is to stimulate interest in school affairs, and they also provide for physical and mental outlets that only group participation achieves. One takes pride in joining the various activities, programs, and in striving together toward a single goal. Unity provides strength. Clubs reflect and enhance *THE PERSONALITY OF GRIFFITH HIGH.*

"SOCIETY" SPEAKS FOR ITSELF

LEADERSHIP SCHOLARSHIP CHARACTER SERVICE

The National Honor Society is a nationwide organization designed to promote the qualities of leadership, scholarship, character, and service among high school students.

Students who maintain a "B" average for six semesters of high school work are eligible for membership, provided they display the four characteristics previously mentioned. They must be approved by the teachers.

For the first time, this year the club has two probationary members. These members, having shown the required characteristics, were elected at the end of their sophomore year. Unless they no longer display these traits, they will be given full membership at the end of this year.

Members are eligible to compete for National Honor Society scholarships by taking the Preliminary Scholastic Aptitude Test.

This year the club has sold school supplies in the bookstore as a fund-raising project.

The members have continued to tutor students who have fallen behind in their studies.

The mouthpiece of the student body is the student council where student suggestions are relayed to the faculty and the administration.

The recommendations of the council are given to the administration for consideration. Such a process has helped to clarify several minor school problems.

The council plans the homecoming festivities, sponsors the annual talent show, takes charge of the clothing drive for the Save the Children Federation, sponsors a dance with the profit going to the Eldon Ready Scholarship Fund, and runs the class elections at the end of each year.

The student council has begun a new policy this year of having candidates for class or council offices deliver a speech to the student body prior to the election.

There are ten seniors, eight juniors, six sophomores, and four freshman on the council. The representatives are elected by the classes while the officers are elected by the student body.

Leading the Student Council are Anne Perotti, Treasurer, Mr. Stanczak, sponsor, Kris Krooswyk, Secretary, Brad DeReamer, Vice-President, and Dan Gerrity, President.

ORIGINALITY + EFFORT = YEARBOOK

Depicting the relationship between the school and its students through pictures, copy and an added interest this year, color, the staff has edited the annual yearbook.

Beside our main endeavor of creating the yearbook, we also undertake the soliciting of ads, since we are self-supporting. This year twenty extra

pages have been added, with color being introduced to accent page layouts. We have tried to accurately describe the story of the entire year. The essential element in the composition of the yearbook is WORK. Many ingredients have been combined to make this volume of memories, the 1964 REFLECTOR.

NEWSWORTHY NOTABLES

This year there is a drastic change in the Panther Press—it's printed for the first time since 1956.

Other new angles are the regular cartoons and pictures, improved opinion polls and editorials, and the two new columns—"Aspects and Antics" and "Campus Corner."

Published every two weeks, the Panther Press informs as well as entertains. A senior issue is put out at the end of each year; there is also a special sectional paper.

Two staff members are sent to Indiana University each summer to participate in a high school journalism institute. Several members of the newspaper staff are members of the Griffith High School chapter of the Quill and Scroll Society. The paper also belongs to the National Scholastic Press Association.

Anyone who has taken journalism may join the staff.

The Future Teachers of America is composed of students interested in the teaching profession. The purpose of the club is to help students learn about the opportunities, responsibilities, and importance of teaching in our democracy today.

Throughout the school year films are shown and speakers give new and interesting information on the teaching profession. Soc-hops are sponsored to furnish enough money to pay for scholarships which are given annually to those seniors meeting the necessary requirements.

Sending for considerably more films for the viewing of its many members is one of the newest projects of the F.T.A. They also attend a tea annually near the end of the year.

GIRLS LEAD THE WAY IN GAA

The purpose of the G.A.A. is to interest girls in physical sports and to teach them to be good sports.

Meetings are on Wednesdays and Fridays. Girls may earn points by attending these meetings, participating in some activity, and/or passing skill tests. In this way, numerals and letters are won.

A formal dance is sponsored each year about the time of the Christmas season. In the summer, there is also a beach party at the Dunes State Park.

Two girls were sent to G.A.A. camp for the first time and conferred with G.A.A. members from other schools.

All types of sports are offered during the entire year. Ping-pong, volleyball, and tumbling are but a few of the many sports that not only these girls, but girls all over the United States may engage in.

Decorating at the G.A.A. dance are Anne Perotti, Secretary, Jan Collet, Skill test chairman, Jeanne Hartmann, Treasurer, Karen Schreiner, President, and Janet Vestal, Vice-President.

The main objective of the Lettermen's club is to promote a high standard of athletics and to create a fellowship among varsity athletes. They recognize service with membership throughout the organization and try to be of service to the high school. They hold car washes, sponsor a soc-hop, nominate candidates for homecoming queen, sell programs at the football and basketball games, and usually take a trip to some sporting event. The club has introduced a new rule that a varsity athlete can wear only one chevron for each year that he has majored in a sport.

Mathematics is one of the most essential subjects in education. The Math club was originated for those who enjoy and wish to explore higher math. Algebra and geometry are required for membership.

Stimulating interest in the field of science is the main intent of the Science club. Now that the rocket and space era has arrived, more students are intrigued with the future possibilities that can be realized.

Three plus two is five. Math Club officiates are Dan Gerrity, Vice-President, Jerry Schultz, Secretary-Treasurer, Don Parkhurst, President, and Mr. Wezorek and Mr. Ellis, Sponsors.

SCIENCE

BOTTOM ROW: Fred Hanak, Vice President, Jesse Engle, Secretary. **SECOND ROW:** Denise Holme, Gail Hunt, Susan Shepard. **TOP ROW:** Dave Vaughan, Lloyd Carpenter, Jerry Schultz, Greg Lucas, Larry Bunce.

THEIR FUTURE

BOTTOM ROW: Susan Kemp, Linda Willer, Carol Bednarsky, Yvette Plancarte, Lorna Batts, Susan Hill, Patti Day, Pat Bodnar, Carol Waltemath. **SECOND ROW:** Lauren Black, Rosann Wiczorek, Sharon Melcher, Bonnie Bonie, Pam Christie, Sandy Jennings, Theresa Peach, Sandy Owens, Linda Coffey. **THIRD ROW:** Nancy Anderson, Beth Miller, Myrna McGarr, Lydia Patrick, Pattie

Popp, Margaret La Barge, Karen Shinabarger, Susie Hupke, Karen Foster, Laurel Schinske, Maryanne Bodnar, Sharon Smith. **TOP ROW:** Carol Berta, Alice Eldridge, Ruth Coulter, Vicki Horner, Karen Gumienny, Jane Fronczek, Dorothy Musial, Mary Ellen Chutka, Debbie Clark, Bobby Anderson, Donna Richwalski, Sharon Duke.

The Future Nurses Association provides a setting in which young people interested in nursing careers can meet and explore that interest. They learn about the community in which they will participate as informed citizens and nurses. During the year the members of the club have an opportunity to visit schools of nursing, nursing homes and other institutions related to this profession. They make cancer bandages twice a month and listen to speakers who come and talk to them. Members can earn emblems and pins. They also can win a scholarship offered by the organization. The F.N.A. is chartered by the National League of Nursing.

Beth Miller, Vice-President, Nancy Anderson, President, Rosann Wiczorek, Treasurer, and Sharon Melcher, Secretary, are the officers for this year.

The Varsity Cheerleaders are Gayle Underwood, Jeanne Hartmann, Sharon St. Clair, Panther, Betsy Wagner, Karen Schreiner, and Janet Stansell.

ENERGY + SPIRIT = CHEERLEADERS

Paula Reznik, Jean Godlewski, and Lynn Schreiner are the J.V. Cheerleaders.

The Freshman Cheerleaders are Linda Willer, Wendy Miller, and Lana Hendrickson.

BOOSTER CLUB ENCOURAGES SPORTSMANSHIP

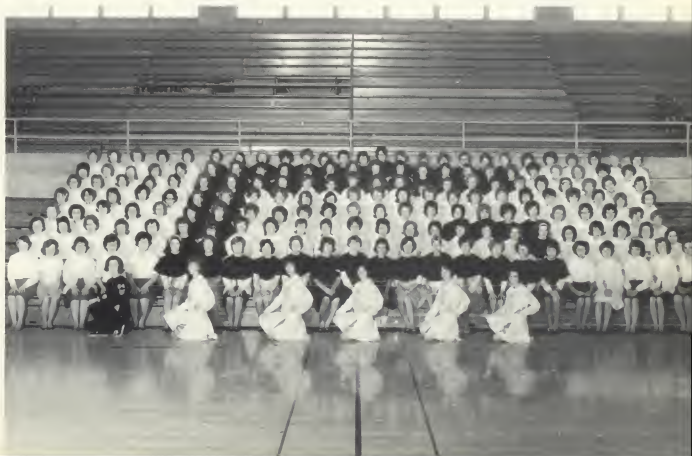

The Booster club helps to promote school spirit and sportsmanship throughout the student body. Both girls and boys are urged to back our athletic teams.

The club's newest project is the point system in which points are issued for attendance at games and meetings. In the near future pins will be awarded to those girls who have accumulated the required number of points.

Throughout the school year they sponsor a soccer and hold their annual Booster club banquet. At the banquet junior varsity and varsity cheerleaders as well as our panther are announced. Awards are given to the officers, and the results of the election of new officers are disclosed.

Officers in the "lineup" are Miss Klein, Sponsor, Karen Baird, President, Sue King, Treasurer, Karen Sullivan, Secretary, and Rachelle Peters, Vice-President.

BOTTOM: Miss Hadley, Eileen Weigley, Carol Berta, Sue Churilla, Sue Albrecht, Debbi Lowe, Marcia Fountain, Nancy Goffredo. *SECOND ROW:* Jenny Vajda, Carol Douglas, Cathi Sundholm, Nancy Van Horn, Cathy Burge, Leona Ingram, Karen Shinabarger, Cheryl Fountain, Susie Hupke. *THIRD ROW:* Gayle Fritz, Rosemary

Y-Teens is an organization associated with the Y.W.C.A. The mother-daughter banquet and the potato chip drive are their annual money-raising projects. Griffith representatives attend area councils once a month. All activities at the Y.W.C.A. are open to girls belonging to this club such as swimming and dances. They try to provide girls with the means for self-improvement and community goals.

Janet McFarland, Vice-President, Mary Ellen Chutka, Program Chairman, Karyll Koselke, President, Janet Williams, Secretary, Anita Tamminga, Treasurer, and Miss Lynn Peterson, Sponsor, guide the Y-Teen members.

ACADEMICS

"The best teacher is **EXPERIENCE**," is a well known phrase. Working individually at a project gives a student an insight to the mechanical process of an experiment and brings out thought-provoking discussions that lead to the correct solution. Each student is relied upon to use his own judgment in whatever endeavor he has chosen. Teachers supervise and guide the students but only to the extent of explaining a situation, not solving it. Learning to understand people all over the world has become very important in our present day and age. All the hard work and thought that one spends in class has a definite influence on his future. Academics form the *INTELLECTUAL BACKGROUND OF GRIFFITH HIGH.*

ADMINISTRATION GOVERNS G.H.S.

OUR PRINCIPAL

Mr. Floyd Davis is our new assistant principal, counselor, and co-ordinator of athletics.

He has had previous experience at the Hobart and Huntington Consolidated School Systems, the latter located at his birthplace.

Mr. Davis attended Huntington College, Ball State, Indiana State, Indiana University, and the University of Illinois. During this time, he received his B.A. and Master of Arts degrees.

When asked about future plans, he replied, "Work with kids. . . . As long as any kid is in trouble, I'm in trouble. . . . If he has a problem, then it is also my problem. Together we can solve most of it." This statement has been backed by many cases of troubled students who have gone to Mr. Davis, as to a friend, for counseling.

Mr. Davis is married and has two sons, Mike and Stephen, 21 and 19, respectively, a daughter, Sally, 9, and a stepson, Rick, who is 19 years of age.

He related that his favorite hobbies were hunting and fishing (preferably, ice-fishing) and listening to stereophonic hi-fi music.

MR. SHEELY

Nearing completion of his second year at Griffith High School is Principal Forrest Sheely. He is extremely pleased with the school spirit and morale at Griffith, noting that most of the students seem to appreciate their school.

He is looking forward, along with the students and faculty, to the completion of the new high school and all the educational opportunities the new facilities will offer. He has found the students bearing well the inconveniences caused by the construction.

Mr. Sheely received his B.S. degree from Canterbury College and worked toward his M.S. at Indiana University. His M.A. was awarded to him by the University of Alabama.

His home town, La Crosse, Indiana, and also Mokena, Illinois and Ramsay Air Force Base, Puerto Rico had his services as school principal before he came to Griffith.

Mr. Sheely finds that he has very little spare time, but he is a sports enthusiast when the opportunity arises.

He is married and has three children of the ages six, nine, and eleven.

MR. DAVIS

Members of the Griffith School board include Mr. John F. Hilbrich, Mr. Jesse E. Sheets, Mr. Ira J. Roberts, Mr. R. O. Regnier, and Dr. Paul Schilling, Superintendent.

Mrs. Evelyn Downing, Secretary to the Principal, performs hundreds of jobs a day. She is well known to students and teachers alike.

Mrs. Grace Ashmore, the School Bookkeeper, is efficient in handling all money affairs. She is helpful to everyone.

WELL QUALIFIED FOR THEIR JOBS

Our custodians, John Muraski, Walter "Shorty" Eaton, and Roy Regnier are always busy around the school.

Mrs. Barbara Brill and Mrs. Alma Keen make the lunch hour brighter with their smiles.

Mrs. Mary Christy, Mrs. Theresa Korwek, and Mrs. Mary Hubbard also help keep our school in good condition.

MATH AND SCIENCE SHOOT AHEAD

Vickie Horner and Linda Jens are solving a problem in advanced algebra.

The mathematics program is designed for those who need math for everyday use and for college preparation, especially for the engineering field.

Algebra is a course of higher mathematics. This course lays the foundation for higher and advanced math. Geometry is a different branch of higher math. It shows the relationship of different objects and shapes. Trigonometry is a mixture of algebra and geometry for further advanced problems. General Math is a basic course in fundamentals not designed as preparation for higher math.

In the science department, Earth Science is the study of non-living things. Life Science is the study of living animals, including the human species. Advanced Biology can be taken after completing this course. Biology covers the plant life and animal structures. Chemistry is the study of elements which make up matter. Physics, a senior science course, goes back to the study of earth science, only analyzes phenomena on a higher and more complicated scale. Laboratory experiments are a part of the classroom activities.

Karen Graefe seems to be very involved in proving a theorem in geometry.

IN MODERN SPACE AGE

Lida Rygas, Mary Ellen Chutka, and Bill Waltemath experiment in physics.

Jerry Magiera makes sure that the exact measurements and readings correspond.

Roseann Wieczorek, Nancy Anderson, and Beth Miller learn to sing French songs in French III.

KNOWLEDGE OF LANGUAGES BROADENS

In French class students learn about both the language and culture of France. Jackie Vaughn, Bill Pierce, and Martha Littrell admire a picture in class.

Spanish is made interesting through the use of the laboratory equipment.

I.D.R. promotes better reading habits which will always prove useful in the future.

UNDERSTANDING OF OTHER PEOPLES

Sue McNair is getting ready to diagram a sentence in English class.

The language laboratory is a big step toward modernized teaching. It is equipped with microphones, tapes, and recorders for each student's use. It enables the students to learn individually and emphasizes his weak spots.

The student's first year of language teaches them the basic words and how to use them in relation to sentences. The second year deals with reading and writing the language with ease and confidence while the third year enables the student to speak fluently.

Our English system is quite compound in relation to languages. Proper use of grammar and composition is taught through different languages. Construction of themes and papers in foreign languages are required.

REPORTING NEWS AND VIEWS

Speech, history, psychology, sociology, government, economics, and current events combine to make a better individual and citizen of a student. Each of these subjects teaches a person a different phase of our world and why each must be. Each Class teaches in detail what each student should know in order to prosper as well informed citizens of America.

Journalism teaches a student how to write facts that are important while speech enables one to talk with confidence on a subject of which he is interested. Psychology and Sociology teach students how to cope with themselves and other individuals and explains why people act the way they do. Government and Economics teach a student the ways of a united government, how and why it is a democracy and how it is run. Current events teaches students how to keep up with every day happenings all over the world.

Linda Pokos, Debbie Lowe, and Dennis Lager are caught in the act during one of their skits in Dramatic Arts.

Sheila Bradley and John Bishop listen intently while Mr. Dalton discusses psychology.

Everyday happenings and world affairs are the main topics in the Current Events class.

SOCIAL STUDIES INTRODUCE NATIONS

Marcella Clark points to a definite spot on the world map to Steve Plowman and Mary Littrell.

Ricky Miller, Mike Goffredo, and Judy Renschen are discussing the authenticity of Mr. Mack's buddha.

Physical Education is a vital part of keeping healthy and fit, and therefore a program of strenuous exercise is planned for part of the period. Team sports and individual competition in activities are also an important addition needed to complete our physical fitness program.

Health is a required course which teaches useful devices in first aid and safety for all types of emergencies.

Homemaking provides basic knowledge about cooking and sewing which prove useful in future occupations. Home problems gives adult advice for problems and situations that arise in modern daily life.

Wood is the main subject discussed and worked on in woodshop. A variety of tools are used and explained to get desired results.

Machine shop is the counterpart of woodshop where tools are made which serve practical purposes in daily life.

Power and Auto Mechanics cover small engines the first semester and automobile engines the second semester. Students learn the principles of the gasoline engine, first as they apply to simple of application, and later they become more complex.

Working very diligently, Judy Tuskan and Janet Watts seem to have forgotten the most important rule, to thread the machine.

KEEPING PHYSICALLY ABLE

One-Two-Three-Four! The boys are doing their daily exercises in Phys. Ed.

Mr. Leslie is assisting Dave Higgins, Dick Taylor, and Gary Eaton in putting the finishing touches on their project in shop.

MENTALLY ALERT

Sue Belavic and Kay Nichols jump high to gain possession of the ball.

Dave Lucas, Mr. Beck, and Miller Haag watch as Dennis Fulkerson demonstrates the functions of an outboard motor.

PREPARING FOR

Typing demands concentration and efficiency. Patty Hartley and Bill Cook are busily pecking away.

In Clerical Procedures Sharyn Cummins operates the dictaphone.

THE FUTURE

General Business is a basic course in which students learn the fundamentals of bank transactions, handling money, keeping of records, buying, selling, borrowing, and other business activities. Book-keeping concentrates on teaching the fundamentals of keeping office books in order and includes the preparation of a practice set containing account books and business forms. Clerical Procedures helps students to become competent in typing, filing, office payrolls, operating office machines, and general office procedures. Secretarial Practice stresses office skills and provides practice in applying previously acquired skills and knowledge to practical office situations. In shorthand I and II, Students learn transcriptions, spelling, punctuation, grammar, taking dictation and reading shorthand notes. Students who take typing learn to take care of their typewriter and to build up their typing speed. Typing I teaches the skills needed to meet the demands of office work, while personal typing helps students with problems they will encounter in typing for themselves.

Art involves many phases of painting as shown here.

AT BOTH GAMES AND CONCERTS

Representing Griffith High School the band performs at numerous functions during the entire school year. They march for parades and play at basketball and football games, pep sessions, and also for Graduation ceremonies. Their lively steps and musical tones do justice to the many hours of practice.

This year members have been diligently undertaking money-raising projects to provide funds for their new uniforms received during the spring.

A band concert is held once a year which is one of their biggest projects. Participating in state contests bring many honors to both individuals and to the group itself.

Leading the band are Janet Vestal, Secretary-Treasurer, Larry Mills, President, and Don Parkhurst, Vice-President.

A CAPPELLA CHOIR: *BOTTOM ROW:* Mr. Metcalf, director, Dolores Sewich, Kathy Grygar, Don Stachura, Tom Peters, Karen Nelson, Nancy Toczek, Roberta Dolson. *SECOND ROW:* Lynn Kolarik, Holly Riggle, Marlene Finney, Phil Christenson, Jody Stokes, Don Allen,

PEOPLE

The secret of the essence of life lies with the heart. Pulsating and beating, the heart is life itself. We, the students, make up this vital organ, since all activity radiates from us. A school is composed of brick, steel, and various other materials, but unless it has students it is dead, lifeless. People are all important. We add the spark that our school needs to make it live. We are the *HEART OF GRIFFITH HIGH.*

WE FINISH TO BEGIN

CLASS OF '64

A proud moment for the senior class was when they won the Booster club flag held by Karen Baird.

The episode is coming to a close. The climax is here. Four years exposure has changed the timid freshman into a sophisticated senior. The class is united. All for one and one for all. We try to grasp every eventful moment almost in complete desperation. The accomplishments of the Class of '64 are recorded in the annals of time. They need not be listed; the record speaks for itself. We're ready for tomorrow for the path is a never ending one.

Reaching the top of the ladder, are the senior class officers. From top to bottom are: Bill Fritz, president, Dan Gerity, vice-president, Brad DeReamer, treasurer, and Rachelle Peters, secretary.

WE ARE GREAT

HEAR US ROAR

WE'RE THE CLASS OF '64

MOMENTS TO REMEMBER

All the seniors took part in the creation of their float "Hold That Line." Here we find them completing the job.

Senior cords came back into existence this year. Proudly displaying their cords, are Penny Rosenwinkel, Pat Bodnar, Sharon Melcher, Sandy Moore, and Myrna McGarr.

The seniors are doing their class yell at a soc hop.

THE PEOPLE'S CHOICE

SENIOR SUPERLATIVES

Senior Superlatives are those students chosen by fellow classmates to represent different aspects of senior qualities. All of the students elected are worthy of the titles they possess. Their attitudes and behavior typify the category for which they were selected. The categories are: "Most Likely to Succeed," "Most Humorous," "Best School Citizens," "Best Leaders," "Most Popular," "Biggest Flirts," "Best Groomed," "Most Athletic," "Friendliest," and "Most Courteous."

Carl Siurek and Anne Perotti, "Most Humorous," always provide variety to any gathering. Say, Carl, what's that above your head?

We had no trouble in choosing Dan Gerrity and Karen Schreiner as "Best Leaders." Yet it seems to have created a problem as to which footsteps to follow!

CAUGHT IN THE ACT! There's more than one way to succeed in life. Apparently Mary Ellen Chutka and Terry Joyce, "Most Likely to Succeed," have found a very good way down at the Griffith Bank.

Brad DeReamer and Martha Littrell, "Best School Citizens," certainly do take good care of the school.

Reading their "Fan Mail," are Bill Dewell and Debbi Miller, "Most Popular."

One picture is worth one thousand words as you can plainly see. The "Biggest Flirts" are Judy Reyome and Chuck Bishop.

You can't tell a book by its cover! The "Friendliest," Lee Grogg and Betsy Wagner, are only pretending to be conceited as we all know.

Who said chivalry was dead? Bill Humpfer and Rachelle Peters, "Most Courteous," always follow procedures to the "T."

Always dressed neatly, are Don Allen and Cathi Sundholm, "Best Groomed."

Who cares about rules? Carol Waltemath certainly needs a little boost to have a fighting chance against Bill Fritz. They are the "Most Athletic."

JUNIORS ASSUME LEADERSHIP

The big year finally arrives—Juniors, Upperclassmen. They cherish their long-awaited class rings, so shiny and new as their most prized possessions. From the very beginning they become involved in making plans for fund raising projects to acquire money for the best prom ever. This is their main goal, and all activities seem to center around this one big event. They have begun to assume leadership, and must carry it through with responsibility. At this phase of their life they are beginning to make the choice between college or some other vocation. Despite the serious aspects of the year, the juniors are not above having fun. They are quick to impress upon the underclassmen their new status in the school. All in all the junior year is one of increasing pride in both their school and their class.

Class rings are a distinctive trademark of upperclassmen. They represent pride and accomplishment.

SOPHOMORES SURVIVE

Now that they have successfully survived the initial shock of their first high school year, the sophomores have now become accustomed to the routine of classes and activities. They decide what courses they want to follow and start planning for the future. Many experience new ambitions and desires. Teachers are very helpful in advising those who seem confused. There is more sociability with the upperclassmen. Students become aware of the fact that soon they will be old enough to drive and get jobs. All in all, it might be considered a year of trials and struggles, but it is sprinkled with the thrills and hopes. It all balances out.

They have the whole world in their hands! Representing the sophomores are John Collet, president, Marsha Auter, vice-president, Jean Godlewski, secretary, and Bill Anderson, treasurer.

The Sophomores relax and enjoy themselves at the Homecoming Dance.

FRESHMEN TURN FIRST CORNER

Upon entering high school the freshmen become engaged in a new and different environment. Many new friendships are formed, and this is the year which can easily be the best remembered and enjoyed. This year they experience their first Homecoming, their first big formal dance, and last but not least Sectionals. They were hurled into student activities by the annual initiation. By the end of the year they began to get into the swing of High School Life. As a freshman they have a lot to look forward to in their next four years, but yet the time speeds by so rapidly that before they actually realize it they will sadly be singing the "Alma Mater" for the last time.

A "peek" at the freshmen.

UNDERCLASS EVENTS

Just around the corner we find the freshman class officers. They are from top to bottom: Pete Karnisky, president, Martha Van Strien, secretary, Lana Hendrickson, vice-president, and Sally Newhard, treasurer.

The sophomore girls enjoyed dancing at one of the soc hops.

The Junior class float was "We've Got Spirit."

REMINISCING

These halls have shared their memories with us for years—Next year will find G. H. in new surroundings. May the future years be as happy and carefree as the ones we have known.

Diane Kren

Graduation day is filled with mixed emotions of hope and uncertainty, sadness and pride. We look to the future, but we'll never forget the past. The Class of 1964 reluctantly departs.

ADVERTISING

Every year the business staff of the Reflector must sell ads to the local merchants. The purpose for this is to raise the money which enables us to have a yearbook. Without these it would be impossible to have an annual, because of the size of our school. We would like to thank all the merchants for patronizing the 1964 REFLECTOR.

ALMA MATER

*Griffith High, Griffith High,
For you we strive and fight,
And may thy children everywhere
Keep our colors bright.*

*Griffith High, Oh Griffith High,
Let our voices ring,
We love thee Griffith
To thee we sing.*

SCHOOL SONG

*Griffith High School, Griffith High School,
Best school that we know;
Always working, never shirking,
Always on the go, Rah-Rah-Rah!
Griffith High School, Griffith High School,
Ever will be seen,
Loyal and faithful to our dear "old" team!*

The gym balcony substituted for a cafeteria due to the conversion of the old cafeteria into classrooms.

Drafting classes were held in the hall because of the limited amount of classroom space.

One of the temporary classrooms that was partitioned off from the old cafeteria is Mrs. Karr's room.

The reference room which partially substitutes for a library is located where the kitchen used to be.

Construction began the school site during the summer.

MAKE-SHIFT FACILITIES SUFFICE

A familiar sound to everyone at our high school this year has been the hammering and pounding of the construction workers. This noise will eventually give way to a building worth approximately \$2,647,150. This cost includes only the construction and remodeling and does not include furniture and landscaping. The students and the faculty can best understand the amount of remodeling that will be done. For instance the old cafeteria will become half of a new and better library. The old library is being transformed into a kitchen, cafeteria, and dining area for the teachers, and the band room is to receive a ceiling and become a large group instruction room. The power mechanics and janitors' room, Mr. Vaughan's office and room 124, the machine shop, and the wood shop will be converted into a sewing room, a cooking room, a band room, and a chorus room, respectively. The new part of the high school will provide gyms, shops, and an academic unit. In all there will be 34 teaching stations. "Teaching station" is not simply a word for classroom; it includes the shops, gyms, and other various sections which are not really classrooms. The product of this remodeling, construction, and inconvenience will be one of the best high schools in the region.

Dr. Paul Schilling, Superintendent of Griffith schools, places the first call on the 200,000th telephone installed in the new high school.
